EXHIBITION & CEMETERY VISIT

A remarkable journey into history, science, and the enduring legacy of the Hunley and her crew.

$140 PER PERSON

Visiting the Hunley is one of the most unique experiences that includes history, forensic science, archaeology, and conservation. You will see the Hunley upright in her 75,000-gallon conservation tank. Feel what it was like to be on the Hunley crew through interactive exhibitions. See artifacts found onboard during excavation and view the facial reconstructions of the crew.

After lunch, we will visit historic Magnolia Cemetery, where the three crews of the H.L. Hunley are buried and we will tour parts of the cemetery as well. Opened in 1850, Magnolia Cemetery continues as one of the best and most beautiful examples of rural and Victorian cemetery design in the U.S. with the "who's who" of Charleston and South Carolina buried there.
