## H.L. Hunley Submarine and Firefly Distillery Wednesday, January 31, 2024

On February 17th, 1864, the H. L. Hunley became the first successful combat submarine in world history with the sinking of the USS Housatonic. After completing her mission, she mysteriously vanished and remained lost at sea. Over a century later, the National Underwater and Marine Agency (NUMA), led by New York Times-bestselling author Clive Cussler, finally found the Hunley in 1995. News of the discovery traveled quickly around the world. A ground breaking effort began to retrieve the fragile submarine from the sea. The Hunley Commission and Friends of the Hunley, led an effort with the United States Navy that culminated on August 8th, 2000 with the Hunley's safe recovery. The Hunley's journey through time has been marked by innovation, courage and tragedy.

After lunch, we will visit Firefly Distillery for a tasting! Home of the world's first Sweet Tea Vodka. Firefly continues to make great spirits - from their popular original vodkas to their maritime influenced Bourbon and 11 different Moonshine flavors. Firefly has grown to include more than 30 innovative spirits.
